- promote fair play,
- be a role model to others, and
- preserve and enhance my own health,

I declare:

I recognize the regulations of the DFV (German Frisbee Sports Association) in their current versions as binding for me and will follow them. These include in particular:

- the DFV statutes and its components, especially the DFV Anti-Doping Regulations,
- the International Competition Rules (WFDF Rules), including anti-doping rules and doping control procedures,

- the WADA Code and its appendices, including the list of prohibited substances and methods.

I have read and understood the current applicable rules.

I commit to complying with the provisions of the Anti-Doping Law, which makes trading, distributing, and possessing doping substances punishable.

DFV Athlete Agreement

I am aware that violating anti-doping regulations can have far-reaching consequences.

I respect the basic rules of fair sport and do not use performance-enhancing substances or methods for the purpose of cheating in sport. I refrain from drug misuse and actively support doping-free and fair sport.

I will report knowledge of possible doping violations to the DFV; my information will be treated confidentially.

By signing, I acknowledge this Anti-Doping Declaration.
